Selling 140 Bulls

1 Well Broke Gelding

MINERT/SIMONSON ANGUS RANCH

Dear Cattleman,

We invite you to our bull sale on February 17, 2018. Producing a quality and efficient product produces dividends.

Our bull development program continues to be one of the highlights of our program. (Thanks to Ed Sabatka) The bulls are raised with no creep feed, just good sandhill pasture and are run in a twenty area on a high roughage ration. The rations consist of soy hulls, dry distillers, mineral supplement and ground prairie hay. This program produces sound bulls that stand up well during the breeding season as yearlings.

Excellent disposition has always been a trademark of our program.

We can always assist those who are unable to attend the sale. Sight, unseen purchases come with a 100% satisfaction guarantee.

Our commitment continues to maintain focus on breeding cattle that have the same balance of structure and performance and will perform strong in your breeding program. Buy with confidence from a program that has been a leader within the breed for over fifty years and will continue to be here to serve you in the future.

Sincerely,

*J.W. Simonson
