

THE BEST OF THE BEEF STATE
ONE SALE + ONE GOAL

Annual Bull Sale

FEBRUARY 18, 2023

1 PM | Minert Simonson Sale Facility | Dunning, Nebraska

Welcome to the sale

We would like to introduce you to Sandhills Source...a cattle company in the people business.

Sandhills Source is a newly established partnership between Minert Simonson Angus and Feller Ranch Company. Feller Ranch Company is continuing the tradition of the Barstow Angus herd. Both programs have over 30 years of history breeding premier genetics that thrive in the Sandhills environment. Whether you are looking to increase maternal strengths or improve your herd's performance; our sale can offer what you're looking for. We appreciate your past business and trust in our programs.

A Word from JW We are excited for Drew and Morgan's new adventure in Thedford. The cattle business is facing new challenges every day and to have the opportunity to partner with the younger generation encourages me to charge on. I look forward to progressing our breeding decisions together, and to use our foundation of Sandhills cattle to continue to bring our customers genetics that thrive in today's demands. Our commitment will always be built on our goals of balanced structure, strong maternal traits, and excellent dispositions within our offering. Most importantly, we are excited to be in the people business with our customers.

A Word from Drew A plan in the making for Neri, J.W. and I for over a year is finally here. We are thrilled to enter 2023 with a year under our belts after taking over the Barstow Angus cowherd. A tough year for any cowboy, however, the cowherd proved to be resilient. Morgan and I are very grateful for what we learned, and for the opportunity to get to work so closely with great breeders like J.W. and Neri. Sandhills Source is a dream team for Angus genetics, a combination of two premier cowherds that have proven to be successful within our environment; and youth that are excited to be involved in the cattle business for years to come.

We invite you to the 2023 Sandhills Source Bull Sale on February 18, 2023 at Minert Simonson Angus in Dunning, NE. The sale will also be broadcast live on DV Auction. Please stop by the ranch near Dunning to view the offering anytime and give us a call if we can be of assistance.

INSURANCE Mortality insurance (death or injury resulting in death) will be available sale day.

EPDS EPDs are now being updated weekly. The EPDs printed in this catalog are as of the week of 1/20/23.

RETAINED INTEREST Minert Simonson Angus & Feller Ranch Company is retaining 1/3 interest in all bulls sold, unless otherwise stated in catalog or on the block. This does not restrict your use since you have full possession. Very few bulls will actually be collected and when it does occur we will work with the buyer.

NUTRITION The bulls are not creep fed! They are developed on the ranch on 25 acres with 100 percent of the roughage grass hay. Bulls have not been fed any corn. The complete ration includes soy hulls, 12% DDGS, supplement, molasses and ground hay.

Ed Sabaka.....308-379-7848

FERTILITY Scrotal measurements will be available sale day and on our website and Facebook page prior to the sale.

GUARANTEE All bulls are guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90 day period following the first turnout of the bulls. Credit for the purchase amount less \$1,500 (buyer keeps salvage value) will be applied toward a replacement of an injured bull. Credit is for a replacement bull or credit in the 2024 sale.

VOLUME DISCOUNT A \$100 discount off third bull purchased and \$100 off for each additional bull.

FREE WINTERING & DELIVERY Bulls will have excellent care and will be delivered in early April 2023.

ONLINE BIDDING Online bidding is available through DV Auction. Please register on DV Auction at least 24 hours before the sale. A full time support team can also be reached at 402-474-5557.

When analyzing calving ease, take the combination of actual individual birth weight, dam's birth ratio, the BW EPD, and the CED number. The higher the CED number the greater the calving ease.

CALVING EASE STARS ★★★
 ★★
 ★

Bull is recommended Highly for use on heifers to sire light birth weight calves.
 Bull is designated to work on heifers that are larger framed with more management.
 Bull is recommended Highly for use on cows.

The 2022 Update

Congratulations

LOWELL MINERT

2022 Sandhills Cowboy Hall of Fame Induction

We would like to thank the Sandhills Cowboy Hall of Fame and the board directors for their dedication and inspiration to the people of the Sandhills. Lowell's induction to the Sandhills Cowboy Hall of Fame was a great honor for all of us. We have been blessed over the years to be exposed to so many great mentors like the members of the Cowboy Hall of Fame, Bernie Simonson and Lowell Minert. They all have taught us to strive to be better teachers, advisors and leaders within this industry and in life. We also hope to continue those mentoring traditions with this new partnership with Drew and Morgan, our girls and others that graciously cross our path.

JW & Cindy, Jim Roseberry, Alex Minert, Carrol Minert

A Note from Retirement

NERI BARSTOW

Neri Barstow continues to guide Drew and Morgan from Nebraska and Arizona in the winter. He is involved in the breeding decisions at Sandhills Source and offers advice on all aspects of our program. Give him a call if you have any questions, but he might have to put his golf club or rope down first to answer!

Coalition is a well-balanced bull. I bred 95% of my heifers to him last year and this is quite a group. This is my second year of calving daughters, and he has checked all the boxes of my first priorities of good feet, udders, and disposition.

NUTRITION INFORMATION

ALL bulls have been developed on the same program that Minert/Simonson Angus has used for over 25 years. This is a ration of prairie hay and soy hulls created by Ed Sabaka.

This bull does and reads alot things right. Top 1% claw, 20% angle, 15% PAP, 25% Docitivity, 20% \$M and 30% scrotal in the breed.

Power On was the high selling bull of the 2020 Barstow Bull sale. He is proving himself as a tremendous herd sire that produces cattle with calving ease that perform extremely well. A balanced EPD profile which includes top 1% Heifer Pregnancy, and whose mother E322 is on pace to become a flush donor within our program. A top sire group of 2023 these bulls have mass and muscle with a great phenotype to produce beautiful females. We are calving our first Power On daughters this year and love them!

This bull has been a stand out from Day 1 and a top weaning weight bull. He is powerful in his hip and top, while still providing great foot and leg structure. K12's dam F45 is one of the best females on the ranch. She is easy to find in the pasture, and carries a beautiful udder.

A new sire in Guarantee this year, he was used on heifers successfully with moderate birth weights and good performance. Guarantees come in a moderate package with excellent rib shape and phenotype. A top sire within our replacement heifer pen these cattle should make excellent females for the commercial cattlemen.

Steamboat has been a great performance bull. He is excellent-footed, full of muscle, and has plenty of rib. The daughters udders are perfect and had a great showing on crossing them with Coalition.

Black Powder is another bull I purchased from Bowman Angus. His mother was one of Lyle's top performing cows. He has a strong top, good neck extension and has performed very well.

Boiler is a bull I purchased from Bowman Angus that soft made and great performance. Boiler's offspring are great footed, soft made with lots of rib and thickness.

KR Storm was the lead off bull of the Krebs Ranch Bull Sale. These cattle were bred for power and performance to use on cows. Storm's pedigree speaks for itself using a proven sire of KR Rally and the female base of Identity. These cattle should add weight to any calf group, while maintaining an excellent set of cows.

All Pro is a resident herd sire at Barstow Angus. He has proven himself to be a valuable breeding piece for the program. All Pro's bull crop is always consistent throughout providing muscle, rib dimension, and added length. He is now a mature bull and still has exceptional feet and legs, and a fantastic disposition. The All Pro daughters are good uddered, long sided, and feminine.

An exciting sire within the industry, we used Fair and Square as new genetics within our herd. Fair and Square cattle come with a moderate birth weight but excel in growth and performance. A great maternal pedigree bull backed by a Connealy Thunder daughter. We expect these cattle to sire great Sandhills feeder cattle with added marbling and ribeye. We are calving more in 2023!

Solid heifer bull that Bowman Angus purchased in the 2019 sale. He is a heifer bull with good numbers and eye appeal. I've bred heifers to him for better test on his calving ease and he is definitely a heifer bull. Semen is available.

We had the opportunity to assist with a camp in Wisconsin this past summer. A great experience honoring a very special angel.
"Zip-A-Dee--ay, What a wonderful day!" -- Karen Howell

Kicking Bear, a registered 501(c)3 organization, is a nationwide youth outreach ministry that was founded in the year 1999 by Ray & Karen Howell and is headquartered in La Crosse, Wisconsin. We use our summer campouts, adventure days, youth hunts, and year-round mentorship to reach underprivileged and at-risk youth and to let them know that God has a purpose for them, and that purpose is good.

Thank you for your support!
